

SHRINK-WRAP MATERIAL TRANSFER AGREEMENT

For Plant Breeders Only

CRITERIA

Before preparing this form, the Provider Scientist should make sure that all of the following apply:

- material is for non-commercial, academic or research purposes ONLY;
- there will be no charge for the material (except for direct payment of shipping costs, if desired);
- material was created at Cornell University under the supervision of a Cornell University Principal Investigator who has consented to the transfer;
- material is not a transgenic plant or controlled substance, and it does not contain pathogens or other harmful biological agents subject to special guideline procedures (e.g does not require a CDC or USDA permit, and is not classified as Category A or Category B for shipping). If needed, please consult Environmental Health and Safety at 607-255-8200;
- material does not contain in whole or in part any material(s) that a Cornell University investigator received from another party under an agreement (such as a Material Transfer Agreement, Collaborative Research Agreement, Sponsored Research Agreement, Confidentiality Agreement, purchase agreement of research reagent vendors, etc.) that prohibits the redistribution or further transfer of such material(s);
- material has NOT been licensed by Cornell to another party exclusively; and
- material is NOT described in, or a part of, a previous Invention Disclosure that Cornell is or will be protecting or has protected under one or more patents or pending patents.

If all of the above criteria are not met, please contact mta-ctl@cornell.edu to request a plant MTA.

INSTRUCTIONS

If all of the above criteria are met:

1. Click on the blue boxes, enter the required information and print, sign and send to the Recipient Scientist as a scan, fax or hard copy.
2. Instruct the Recipient Scientist to complete the bottom section and return the form to the Provider Scientist.
3. Sends a copy of the completed Shrink Wrap to CTL and ship the material to the Recipient Scientist.
