#### **RECITALS**

WHEREAS, the Licensed Variety (as defined below), documented in CTL Disclosure Docket D-8268, was made in the course of research at Cornell by its plant breeder, Dr. Walter S. De Jong ("Breeder") and are covered by Plant Rights; and

WHEREAS, the Breeder is employed by Cornell, and is obligated to assign all of their rights, title and interest in and to the Licensed Variety, including any Plant Rights (as defined below in 1.7) therein, to Cornell;

WHEREAS, CTL is authorized by Cornell to manage the Licensed Variety and Plant Rights therein and to grant rights thereto to third parties to advance the missions of Cornell;

WHEREAS, Cornell has designated the New York Seed Improvement Project ("NYSIP") to assist CTL in the management and licensing of certain plant lines developed by Cornell; and

WHEREAS, LICENSEE desires to obtain certain rights from Cornell for the use and commercialization of Licensed Variety in the Territory (as defined below in 1.5), and Cornell is willing to grant such rights upon and subject to the terms and conditions of this Agreement.

Now therefore, the Parties agree as follows:

#### 1. **DEFINITIONS**

For the purposes of this Agreement, the definitions below shall have the same meaning in both their plural and singular forms.

1.1 "Affiliate" means any corporation or other business entity that is bound in writing by Licensee to the terms set forth in this Agreement and in which Licensee owns or controls, directly or indirectly, at least fifty percent (50%) of the outstanding stock or other voting rights entitled to elect directors, or in which Licensee is owned or controlled directly or indirectly by at least fifty percent (50%) of the outstanding stock or other voting rights entitled to elect directors; provided, however, that in any country where the local law does not permit foreign equity participation of at least fifty percent (50%), then an "Affiliate" includes any company in which Licensee owns or controls or is owned or controlled by, directly or indirectly, the maximum percentage of outstanding stock or voting rights permitted by local law.

- **1.2** "Field" means the propagation of the Licensed Variety for external and internal sale for commercial production purposes.
- 1.3 "Net Sales" means (a) the aggregate sum of all gross invoice prices of, plus the fair market value of any non-cash consideration received from, Licensed Variety sold by Licensee or its Affiliates in the Territory, less (b) the aggregate sum of the following actual and customary deductions, where applicable and separately listed: (i) cash, trade, or quantity discounts; (ii) sales, use, tariff, import/export duties or other excise taxes imposed on particular sales (except for income taxes imposed on the sales of License Variety in foreign countries); (iii) transportation charges; and (iv) credits to customers because of rejections or returns. For purposes of calculating Net Sales, a transfer to an Affiliate of a Licensed Variety under this Agreement for end use (but not resales) by Affiliate shall be treated as a sale by Licensee at the list price of Licensee for such Licensed Variety in an arms-length transaction; a transfer within the Licensee from seed production facility to commercial producing facility is considered an internal sale which shall be part of the Net Sales.
- **1.4** "Licensed Variety" means "Potato (NY163) 'Bliss'" and any progeny, derivatives, portions, seeds, plants, vegetative parts, propagules and genetic materials derived therefrom, developed in the course of research at Cornell.
- 1.5 "Territory" means United States of America.
- **1.6** "**Term**" means the period of time beginning on the Effective Date and ending on September 30, 2025, but may be automatically renewed annually, if all obligations are met by the Licensee.
- **1.7** "Plant Rights" means Cornell's right in the United States Plant Variety Protection, Certificate No. 202300256.
- **1.8** "Certified Seed" shall mean foundation and registered seed handled under procedures acceptable to the Department of Agriculture and Forestry to maintain satisfactory genetic purity and identity as defined according to the standards of the official seed certification agency having jurisdiction in the area of production.

#### 2. GRANT OF RIGHTS

- **2.1 License.** Cornell hereby grants to Licensee a non-exclusive license to produce, label, sell, and market Certified Seed of Licensed Variety under Plant Rights in the Field in the Territory. Production of Certified Seed of Licensed Variety is restricted to Licensee and or Licensee's contract growers who are contractually obligated under the terms and conditions of this Agreement.
- 2.2 Unauthorized propagation of the Licensed Variety is prohibited. Licensee is prohibited from producing, labeling, marketing, or transferring seed of the Licensed Variety for propagation purposes to any third party inside or outside of the Territory without prior written permission of CTL. Licensee may transfer seed of the Licensed Variety to another holder of a valid license for the Licensed Variety only with prior written approval of CTL or its designee, NYSIP.

**2.3** Reservation of Rights. Cornell reserves all rights to use Licensed Variety and Plant Rights and to further grant such rights to third parties.

#### 3. CONSIDERATION

- **3.1** Licensee shall pay to CTL a royalty rate of either:
  - (a) four percent (4%) of Net Sales of Licensed Variety Certified Seed and the generations related to Certified Seed that can be covered by certification as allowed by law sold by Licensees based in New York State; or
  - (b) five percent (5%) of Net Sales of Licensed Variety Certified Seed and the generations related to Certified Seed that can be covered by certification as allowed by law sold by Licensees based outside of New York State and within the Territory;

Cornell reserves the right to adjust the royalty rates after one full growing seasons notice.

3.2 Performance and Diligence. Licensee shall have reasonable practices to insure the quality and reputation of the Licensed Variety: a) Licensed Variety may be sold only as Certified Seed (or equivalent); b) Licensees must include a notice when listing in catalogs that the Licensed Variety is protected under applicable certificate number or equivalent; c) Licensee will implement and monitor quality assurance standards as detailed in 6.1 and 6.2 for all contract growers authorized for commercial use of Licensed Variety; d) All production of seed of the Licensed Variety that fails to meet Seed Certification Standards as detailed in 6.1 and 6.2 GOVERNMENT MATTERS AND QUALITY ASSURANCE shall be used or marketed only for food or animal feed purposes, and no royalty shall be owed on such sales provided that, on an annual basis, the amount of seed sold for such purposes does not exceed 20% of the total production by Licensee.

## 4. REPORTS, RECORDS AND PAYMENTS

- 4.1 (a) **Production Reports** shall be due annually on or before October 1<sup>st</sup> for activities including commercialization and certification efforts related to the Licensed Variety during the prior 12-month period beginning upon October 1<sup>st</sup> and ending September 30<sup>th</sup>. Please include the status of the Licensed Variety e.g. Nuclear = "N"; Generation = "G", G1, G2, G3...; Field Year = "FY", FY1, FY2, FY3...; Certified "C"; Foundation = "F"; or the terms used by your local certification agency for seed potatoes relating to specific criteria to disease tolerances and other requirements, increasing inventory efforts, etc.
  - (b) **Royalty Reports.** Licensee shall submit to Cornell a Royalty Report annually on or before October 1<sup>st</sup> for the sales of Licensed Variety during the prior 12-month period beginning October 1<sup>st</sup> and ending on September 30<sup>th</sup> of that year. A sample Royalty Report template is provided in Exhibit A.
- **4.2 Records & Audits.** Licensee shall keep accurate and correct records of (1) all the Licensed Variety maintained; and (2) the quantity of Licensed Variety produced and sold under this Agreement. Such records shall be retained by Licensee for at least five (5) years following a given reporting period. Upon request, Licensee shall make its books and records available for auditing by CTL or NYSIP

#### **NYSIP**

or another designated agent for the purpose of verifying the amount of royalties due. Licensee hereby consents to release of certification records by NYSIP or other certification agency to CTL for the purposes of verification of royalties due.

**4.3 Payments.** All royalty-bearing sales of the Licensed Variety made by Licensee shall be reported and paid by October 1st following the Term of the Agreement with respect to seed sales from the previous crop year (see Exhibit A for an example report). In the event royalty payments are not received by CTL when due, Licensee shall pay to CTL interest charges at a rate of ten percent (10%) per year. Such interest shall be calculated from the date payment was due until actually received by CTL.

# 5. [THIS SECTION IS INTENTIONALLY LEFT BLANK.]

# 6. GOVERNMENTAL MATTERS & QUALITY ASSURANCE

- 6.1 All seed production of the Licensed Variety in the Field will be inspected according to the standards of NYSIP or another official seed certification agency having jurisdiction in the area of production, and all production of the Licensed Variety which is sold for seed must be approved as Certified Seed by an official seed certification agency and be labeled with a certified class seed tag or other indicia of official certification.
- **6.2** LICENSEE shall label all bags and containers of Certified Seed of the Licensed Variety with the words "Unauthorized Propagation Prohibited U.S. Protected Variety 1994 PVPA".

# 7. TERMINATION OF AGREEMENT

- 7.1 Upon termination by either Party or expiration of this Agreement, Licensee's authorization to produce, label, and market Certified Seed of the Licensed Variety shall cease. However, any obligation of Licensee to pay CORNELL royalties or fees shall survive the termination or expiration of this Agreement.
- 7.2 If CTL or NYSIP determine that Licensee is in breach of any term or condition of this Agreement, CTL shall so notify Licensee in writing. Upon receipt of such notification, Licensee shall have thirty (30) days to cure said breach to the satisfaction of CTL.
